

**LOVELL
CONSTRUCTION
GROUP**
ESTABLISHED 1980

CAPABILITY STATEMENT

About Lovell Construction

Lovell Construction Group, LLC is a third-generation, family-owned general contractor based in San Antonio, Texas. Since 1980, we have delivered high-quality construction services across residential, commercial, and municipal sectors, with core capabilities in structural concrete, foundation work, remodeling, and general contracting.

We are known for our precision, accountability, and commitment to on-time, on-budget execution. Our long-standing partnerships with developers, general contractors and municipalities throughout Texas, reflect a reputation built on performance, safety, and trusted relationships.

Core Competencies

- **Residential and commercial Remodeling**
- **Pier and Beam foundation repairs and installation**
- **Concrete work** (driveways, paving, flatwork, ADA ramps and handrails)
- **Asphalt paving and repairs** (Sealcoat, striping)

- **Interior and exterior Remodeling**
- **General Contracting and Project Management**
- **Permit Coordination and code compliance**
